RAFIK AMIRI (RAIDEN)

CONTROL, ROBOTICS & MECHATRONICS · PHOTOGRAPHER & GRAPHIC DESIGNER

Master 1 student in Automation and Robotics — Mechatronics Design for Health track, Sorbonne Université (Paris).

Paris, France · amirirafikk@gmail.com · github.com/Rafik0107 · meinfewminites.carrd.co

EDUCATION

2026 — PRESENT
Master 1 Automation and Robotics — Mechatronics Design for Health
Sorbonne Université — Paris, France

2024 — 2026
Bachelor in Engineering Sciences
Université Sorbonne Paris Nord — France

2021 — 2024
Bachelor in Automation (MCIL)
Université M'hamed Bougara — Boumerdès, Algérie

2021
Baccalaureate in Technical Mathematics — with honours (Mention Bien)
Baccalauréat — Algérie

COMPANY INTERNSHIPS

2025
Wikeys — Development internship
Saint-Denis, France
Development of a Smart Factory web application using Angular and JavaScript.

2024
SARL Céramique Boumerdès — Industrial internship
Boumerdès, Algérie
Industrial maintenance, equipment diagnostics and production-line observation.

2023
Sonatrach — Industrial immersion internship
Hassi R'Mel, Algérie
Control systems and automation in the oil and gas industry.

PROJECTS

Automatic Solar Tracking System

Arduino Robotic Production Line
Arduino

Industrial Supervision Mobile Application

2025	Smart Factory Web Application Angular · JavaScript
	Factory I/O Automated Production Simulation Factory I/O
	MATLAB / Simulink Vibration Analysis MATLAB · Simulink
2026	A* Autonomous Robot Navigation Python · NumPy
2026	Advanced PID Control Simulator Python · NumPy
2026	Kalman Filter Sensor Tracking Python · NumPy
2026	Robotic Arm Kinematics Simulator Python · NumPy
2026	Computer Vision Edge Detection Python · NumPy · Computer Vision
2026	Industrial Anomaly Detection Python · NumPy · Data Analysis
2026	Machine Learning Clustering Laboratory Python · NumPy · Machine Learning
2026	Mechanical Vibration Analysis Python · NumPy
2026	Industrial Production Scheduler Python
2026	IMU Sensor Fusion Python · NumPy
2026	Biomedical ECG Signal Analysis Python · NumPy · Signal processing
2026	Smart Warehouse Route Optimization Python · NumPy

PROFESSIONAL HISTORY

	Mokassiart Aya — Industrial maintenance (experience)
1 YEAR 8 MONTHS	Subway — Crew member Paris — Saint-Martin, Beaubourg, Saint-Michel, Notre-Dame
	Le Balthazar — Chef de rang (head waiter)
	Taksim — Restaurant employee
	Le 130 — Waiter
	La Rambla — Waiter
	Retail — Sales and customer service
	Industrial production — Production experience
	Freelance — Freelance photographer Paris
	Entrepreneurship — E-commerce entrepreneur

Registered self-employed (micro-enterprise) — available for freelance photography and design work.

SKILLS

Programming

Python · C · C++ · Java · JavaScript · TypeScript · HTML · CSS

Engineering

MATLAB · Simulink · Arduino · PLC · Factory I/O · Automation · Robotics · Mechatronics

Artificial intelligence

Machine Learning · Computer Vision · Image Processing · Data Analysis

Web & tools

Angular · Node.js · Flutter · Git · GitHub

Creative

Photography · Graphic Design · Adobe Creative Cloud · UI/UX Design
